

F-16 ALR-69 ANTENNA CABLE FIX (Marzig)

DESCRIPTION OF EFFORT

Install ALR-69 radar warning receiver antennas on block 25/30/32 F-16 combat coded aircraft. Installation can be described as 16 "easy" installs done at the units, and 36 "hard" installs using contract field teams. Funding is not available for modification of TF coded jets at this time.

Joint effort with the Guard, NRE split, Guard has deferred most kit buys to a later FY.
